VicWallpaper

Acoustic treatment and thermal isolation in one product

VicWallpaper is a revolutionary new way of acoustic and thermal isolation, for residential and commercial applications. Developed to perform on high frequencies, VicWallpaper is ideal for improving speech and intelligibility on places like meeting rooms, living rooms or classrooms.

Manufactured in recycled EuroClass B PET and covered with fabrics, VicWallpaper is easy and fast to install, not requiring any specialized and expensive labour.

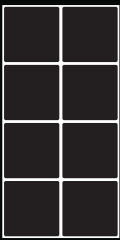

Fire rated:
Euroclass B

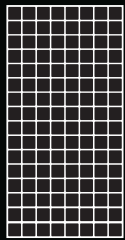

Mainly made of
recycled materials
