

2Xperience SB S-Shape

Top-grade turntable with 9" S-Shape tonearm

- Electronic speed control with 33/45 rpm speed change, which acts as "Speed Box" with ultimate speed stability
- Precision balanced sandwich-platter with vinyl mat
- Precision diamond cut clamp
- Record clamp tightens record to platter
- MDF chassis
- Audiophile grade 9" S-shape aluminium tonearm
- Inverted tonearm bearings (ABEC 7 quality)

Speed	33, 45 (electronic speed change)
Drive principle	belt drive
Platter	300mm MDF
Mains bearing	stainless steel
Wow & flutter	+/- 0,08%
Speed drift	+/- 0,5%
Signal to noise	- 70dB
Tonearm	9" S-Shape aluminium
Effective arm length	230 mm
Effective arm mass	8,5 g
Overhang	18 mm
Tracking force	10 - 30mN
Included accessories	15 volts DC / 800 mA power supply, dust cover
Power connection	110/120 or 230/240 Volt - 50 or 60 Hz
Power consumption	4 watt max / < 0,5 watt standby
Dimensions	460 x 160 x 360 mm (WxHxD) lid closed
Weight	7,7 kg net

Outstanding performance from a compact and luxurious turntable configuration

2Xperience SB S-Shape is based on the 2Xperience belt-drive concept which incorporates over 25 years of turntable design experience. The addition of precision motor control with electronic speed changing and a highend 9" S-shape aluminium tonearm means playback quality is vastly improved. The heavy chassis is made from MDF using a non-resonant construction technique. The turntable platter is built with heavy, non-resonant materials in a precisely balanced sandwich configuration. A vinyl layer acts as the perfect turntable mat. A screwable, precision diamond cut and light-weight record clamp eliminates unwanted record vibration and rumbling of the main platter bearing. The audio performance of the final product benefits from the resonance-free platter, avoiding the ringing effect of common metal and glass platters. An acrylic dust cover is also included.

The top grade aluminium S-Shaped tonearm convinces with a harmonic, musical and engaging sound. Because of the detachable head-shell it is very easy to swap out cartridges. For your daily use you can utilize an MM system and for the pure listening pleasure you can change to an MC system.
